

Data sheet
“The body of my soul”
Maflohé Passedouet

1) Necessary material:

Image: projection on the bridal dress:

- 1 DVD player
- 1 Videoprojector (3000 lumen minimum) with the cables for the connection with the DVD Player
- 1 tablet for the Videoprojector (to be fixed to a tablet in height /ceiling):
>Video projection with scale 1 on the bridal dress.
(Generally the VP has a focal of report 2, so we need a distance of 6 meters between the dress and the VP for scale 1)

Sound:

- Speakers with the connection cable with the DVD player

Space:

Black box

Hang on possible in height/ceiling for the dress: The dress must float in the air.
The brought tulle frames the dress to receive completely the projection : there should be a 1 meter on both sides of the dress for the visibility of arms and 1 meter above the dress for the visibility of the head. So, a surface granted to the projection of minimum 3m of height / 2m 50 of width.

2) Brought Material:

- Wedding dress + a bust structure in wire.
- Wire for the dress suspension
- Tulle
- DVD video
